Calling all science fans!

7th-grade science teachers need you

Check your calendars: The 7th-grade science teachers need parent help for the [Kids in Medicine](#) pig-heart dissection lesson on **March 9-10**. This hands-on science program brings lab-type activities to schools. At Kellogg, all 7th-grade science students will participate.

We need 8-10 parent volunteers per time slot (4-5 for each class, two classes per time period)--periods 2, 4 and 6 on Thursday, and 1, 3 and 5 Friday.

If you can help, sign up [here](#).

Shoreline Community Film: "Resilience" screens March 12

Documentary examines brain science to help kids overcome family struggles

The 2016 film, directed by James Redford (son of Robert Redford) highlights the ways pediatricians, therapists, educators and communities are using cutting-edge brain science to disrupt cycles of violence, addiction and disease.

The film shows that outside efforts of teachers, therapists and social workers can help to break the cycle. Whether you're a parent, teacher or neighbor, you help create a positive, caring and nurturing environment.

PTSA meeting

The next Kellogg PTSA meeting is scheduled for **7 p.m. Tuesday, March 14** in the Kellogg Media Room. All are welcome.

Box Tops Challenge

Let's raise \$2,000 for kids!

Save your box tops and Ballinger Thriftway receipts.

Every 10 box tops generates \$1 for our school. So does every \$100 worth of Thriftway receipts.

If every Kellogg student and staff family donated 10 box tops, that's \$700 from box tops alone!

Keep saving this winter and spring and contribute toward the \$2,000 goal!

WANTED:
