Q. *What is required for my child to attend school on campus during hybrid learning?*

A. Here are the things that your child needs to remember:

1. Where PPE at all times:

PPE stands for **personal protective equipment**. Your child is required to wear a face mask at all times. If your child rides the bus, they will also be required to wear a face mask. Ensure your child has an extra mask in their backpack in case the one they are using gets damaged or wet. For more information about PPE/mask requirements, visit [Shoreline COVID-19 Safety Guide](#)

2. Provide Attestation BEFORE school:

Before your child arrives to school a daily attestation needs to be provided in one of the following ways before your child gets on the bus, is dropped off by car or bikes/walks to school:

- Parents can download and install the **Parent Square** app and login to submit daily screening/attestation. Learn how to [here](#).
- Your child can do this on their own if they download and install the **Student Square** application on their phone.
- **Print and bring** a signed Daily Attestation form. You can download and print at:

3. Physical Distancing

All students need to adhere to the 6 feet apart social distancing rule. There are markers in the school hallways indicating which way to walk and how to keep distance between each other while moving from class to class. If your child has questions about this, have them ask their onsite staff. All teachers and staff have trained on the physical distancing rules required for hybrid learning.

4. Bring Chromebook & Charger:

Each student should bring their Chromebook and charger daily to school. Please remind your child to charge their laptop completely before attending school the next day. Children cannot bring their personal computers from home. If your child does not have a Chromebook, please contact the school office first thing on Monday morning.

5. No Food:

Students are not allowed to eat food on campus unless they have it prearranged with the nurse for a specific medical reason. But

please encourage your child to **bring a labeled water bottle** as there are plenty of water stations around the school! And make sure your child eats a healthy breakfast/lunch before they come to school as they will not be allowed to eat snacks during their time at school unless previously organized with the school nurse.

6. Phone rule:

Your child may bring their phone to school but be silenced during the day. Please encourage your child to keep their phone in their backpack. If you need to reach your child during school hours, please call the front office at **206.393.4783**
